Employment History

CAD/CAM Technician, TeamOlmed, Stockholm

FEBRUARY 2013 – PRESENT

I design 3D models that form the basis of orthopedic aids in accordance with specific medical and technical specifications. I help guide the department to function at the highest levels in production, training and development. I use Agile concepts and processes to create adaptable environments that enable maximum collaboration, goal fulfillment, problem solving, timeliness and efficiency.

Business Partner, Gravity Jones Ski Werks, Vail, Colorado

SEPTEMBER 2004 – JUNE 2009

As a partner, I worked with all aspects of business ownership, from technical knowledge, customer satisfaction, profitability, marketing and accounting. As a certified pedorthist, I manufactured orthoses for elite athletes and patients around the world.

Ski Instructor, Vail Resorts, Vail, Colorado

AUGUST 2002 – MAY 2014

For two decades and on three continents, I trained children and adults in all levels in alpine skiing. As a PSIA-certified Rocky Mountain trainer, I trained other ski instructors in biomechanics, leadership, movement analysis, and public speaking.
